Mr. Punith Raj Started the session with his motivational words followed by few videos on the same. Also briefed on idea generation Ideas are the key to innovation, Without them, there isn't much to execute and because execution is the key to learning, new ideas are necessary for making any kind of improvement. It's obvious that ideas alone won't make innovation happen, as you need to be able to build a systematic process for managing those ideas. The point of ideation isn't just about generating tons of them but about paying attention to the quality of those as well. We agree that it can sometimes be difficult to come up with more of those high-quality ideas. It's not unusual to get stuck in our old habits and routines when we're supposed to be creating something new. He also showed a demo on business plan for start-ups like assumptions, salaries and also about revenue matrices.

At the end before vote of the feedback link was shared with the students to know the how useful the session was <https://forms.gle/6kDe73vLG3eh24yr5>, the session ended with vote of thanks by Mrs. Madhu. L assistant professor, department of management.

Report on Distribution of deworming medication a BBMP initiative

The BBMP officials J.P.Nagar ward visited the college premises and distributed “ALBENDAZOLE Tablets” 400mg, for all college students to promote deworming awareness in adults as much awareness is required regarding deworming. As worms can easily enter our body because of seemingly safe but unhygienic habits such as not washing hands before eating food, drinking dirty water or untreated milk, not washing vegetables before cooking, taking a swim in public swimming pool with untreated water and even getting lick from the pet, the worms enter our body and lays eggs in our intestine. This intestinal worm can lead to abdominal pain, diarrhea, vomiting, bloating and allergic reaction in both adults and children. This affects their performance and growth.

In the interest of public, BBMP, J.P.Nagar ward distributed free of cost the deworming tablets on 27/11/2021 to all degree students of all streams.

The health committee head Mrs. Shilpa.R and other committee members distributed the tablets with brief awareness about the initiative taken by the BBMP and about the medication to

the students. The medication was distributed to approximately around 400 hundred students in their respective classrooms.

REPORT ON ETHIC DAY

“Diversity makes the world more beautiful...!”

Going traditional....

Students of VET First Grade College celebrated Ethnic Day on 26th august 2021 in full pomp and splendor. In the era of modernization and westernization when most of the people are moving away from their own culture and history, events like Ethnic day enable the young generation to revive love and respect for their own culture and history. Ethnicity plays a major role in how students' personality is shaped. Students were provided with an opportunity to celebrate the diversity of vibrant and colourful India. The whole campus seems to be charged with ethnic atmosphere when a mini India was created with students in their dazzling, colourful, exquisite traditional apparels. An innate desire of every tiny tot to dress up, look good and feel great was accomplished through this event.

It was indeed a pleasant break from the monotony and the subtle major impact- the feel good factor had a very favourable effect on the blooming buds' emotional well-being.

As the world outside becomes a smaller and an increasingly interconnected Global village, the campus of VET First Grade College has also become a melting pot of diverse cultures. With students from the various states of India, the college also amalgamates a number of foreign cultures as well. As a result, the Ethnic Day is much anticipated and vibrant celebration of the cultures that the student body represents.

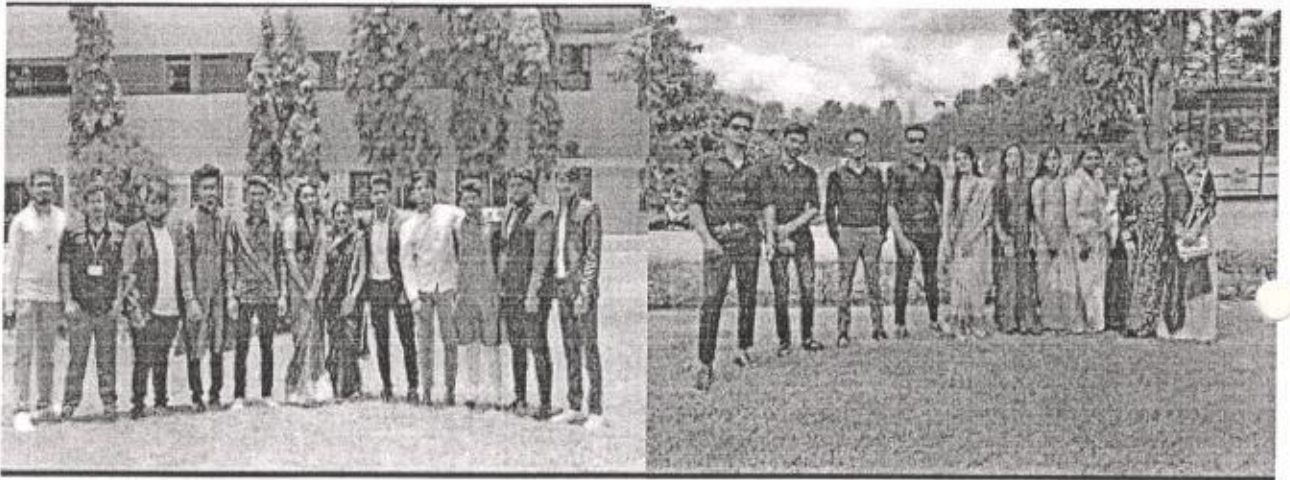

The Ethnic day performances began with the traditional Garba dance from Gujarat , followed by Ghoomar , the traditional dance of Rajasthan and an upbeat Bhangra performance from Punjab, a graceful dance from Kelara and two traditional dances from the North Eastern states which also included the bamboo dance were brought to a close with the much awaited chendamelam drum performance where the students danced and celebrated together.

It was not just another normal day in the Department as the campus was decorated in a traditional way. The energy levels were quite high as the campus was bursting with enthusiasm and passion.

526 Students

The faculty and students joined hands to celebrate and showcase our regional culture and tradition to everyone present on campus by celebrating ETHNIC DAY.

The main message of the celebration was to respect the culture & tradition and be connected with our roots.

हिन्दी दिवस

हमारे वी. ई. टी फर्स्ट ग्रेड कॉलेज में 14 सितंबर 2021 को हिन्दी दिवस मनाया गया। हिन्दी किसी संप्रदाय विशेष की भाषा नहीं, यह जन-जन की भाषा है। हिन्दी हमारे हृदय की भाषा है। लोगों को आकर्षित करती है हिन्दी की मधुरता। विश्व की सबसे बड़ी भाषा है। बेंगलूर के जेपी नगर में स्थित वी. ई. टी कॉलेज में हिन्दी दिवस बड़े उत्साह से प्रधानाचार्य डॉ. आर. पार्वती मैडम की अध्यक्षता में मनाया गया। जबकि कार्यक्रम का संचालन सहायक शिक्षिका इंद्राणी मैडम ने किया। विद्यालय में आयोजित कार्यक्रम में "देश में हिंदी भाषा का महत्व व संस्कृति में योगदान"

विषय पर शिक्षकों तथा छात्रों ने अपने विचार प्रकट किए। अपने अध्यक्षीय सम्बोधन में प्रधानाचार्य ने कहा कि हिंदी देश को जोड़ने वाली भाषा है। आजादी मिलने के दो साल बाद 14 सितंबर 1949 को संविधान सभा में एक मत से हिंदी को राजभाषा घोषित किया गया था और इसके बाद से हर साल 14 सितम्बर को हिंदी दिवस के रूप में मनाया जाने लगा। देश की स्वतंत्रता और विकास में हिंदी भाषा का अहम योगदान है।

इसीलिए वी. ई. टी फर्स्ट ग्रेड कॉलेज में भी हिन्दी दिवस बड़ी धूमधाम से मनाया गया। जहां मुख्य अतिथि के रूप में कॉलेज की निर्देशिका एवं प्रधानाचार्य डॉ. आर पार्वती मैडम आए थे। उनके साथ कॉलेज के 2 प्रोफेसर भी आए थे। पहले कार्यक्रम का आरंभ प्रार्थना गीत से हुआ जिसे द्वितीय वर्ष (पृथ्वी और उनके साथी) विद्यार्थियों ने सुनाया। उसके बाद दीप प्रज्वलन किया गया। जिसमें निर्देशिका डॉ. आर पार्वती मैडम, रमया मैडम, इंद्राणी मैडम, शिल्पा मैडम और कुछ विद्यार्थियों ने माँ शारदा को याद करते हुए मिलकर दीप जलाया।

दीप प्रज्वलन के बाद प्रथम वर्ष (बी. काम) विद्यार्थिनी स्वाती ने स्वागत भाषण प्रस्तुत किया।

उसके बाद प्रथम वर्ष (बी. काम) विद्यार्थिनी स्वाती ने ही हिन्दी दिवस का महत्व बताते हुए एक भाषण दिया।

फिर एक बहस प्रतियोगिता आयोजित की गई।

इन सब विषयों के समाप्त होते ही मुख्य अतिथियों ने हिंदी दिवस के समक्ष अपने विचार प्रस्तुत किये। उन्होंने ने सभी को अपनी बातों से प्रेरित किया और कार्यक्रम को सफल बनाया।

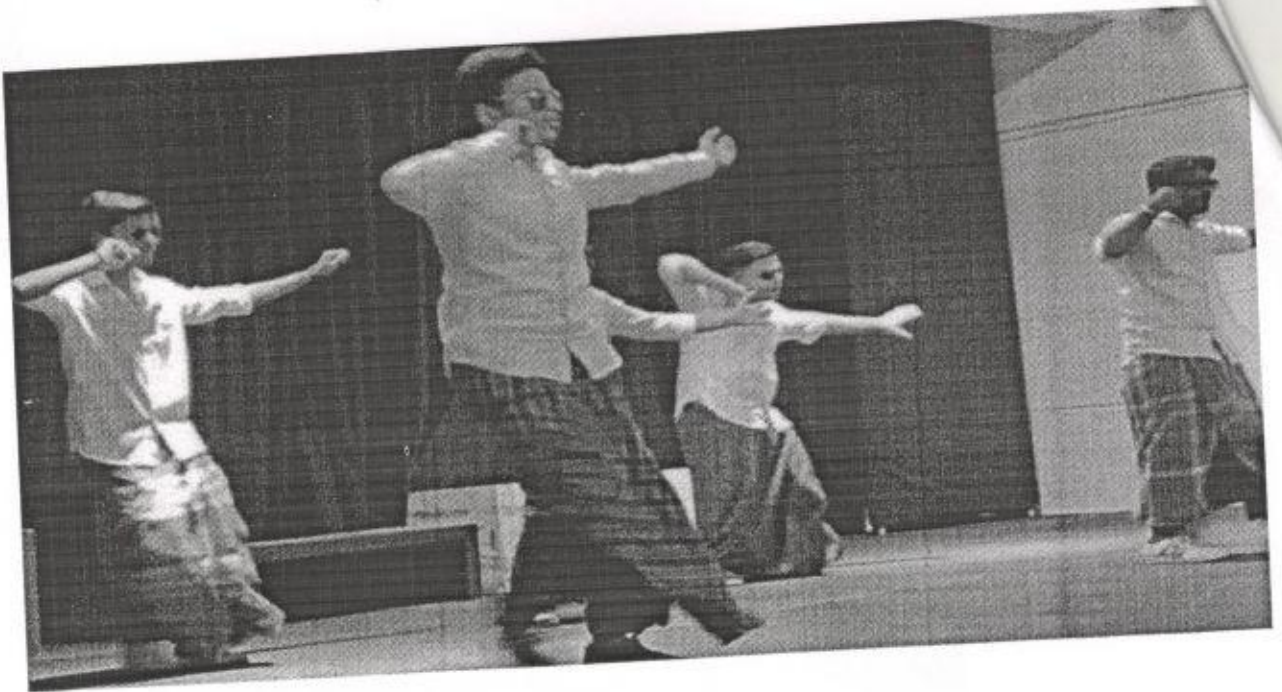

कॉलेज की निर्देशिका डॉ. आर. पार्वती मैडम ने सभी को अपने जीवन में हिंदी को किस प्रकार महत्व देना चाहिए उसके बारे में बताया।

यहाँ तक कि कॉलेज की प्रोफेसर रमिया मैडम ने भी विद्यार्थियों को अपने विचारों से प्रेरित किया।

उनके साथ कॉलेज की प्रोफेसर रमिया मैडम ने भी अपने विचार व्यक्त किए।

कार्यक्रम को और मनोरंजक बनाने के लिए (द्वितीय वर्ष विद्यार्थि इरफान) ने शायरी प्रस्तुत की।

फिर द्वितीय वर्ष लड़कों ने एक धमाकेदार नृत्य प्रस्तुत किया।

उसके बाद प्रथम वर्ष (बी. बी. ए) विद्यार्थिनी प्रियंका ने प्यारा सा गीत सुनाया और अंत में उन्होंने ने ही सभी के सामने धन्यवाद प्रस्ताव सुनाया।

हिंदी से ही हिंद है। विश्व की सबसे बड़ी भाषा हिंदी है। उन्होंने कहा कि अब हिंदी राष्ट्र भाषा की गंगा से विश्व भाषा का महासागर बन रही है। विद्यार्थियों को आधुनिकता एवं अंग्रेजीयत से अलग होकर हिन्दी की रोचकता और महत्ता को जानने पहचानने की जरूरत है। आज हिंदी भारत में ही नहीं बल्कि विश्व भर में बोली समझी जाने वाली विश्व भाषाओं में अपनी पहचान स्थापित कर चुकी है और शब्दों की संख्या के आधार पर भी विश्व की सबसे बड़ी भाषा हिंदी बन गई है। आज विद्यार्थियों के बीच अंग्रेजी भाषा के प्रति बढ़ते लगाव और हिंदी भाषा की अनदेखी करने की वजह से हिंदी प्रेमी बेहद निराश हैं। यही वजह है कि हर साल देशभर के लोगों को अपनी राष्ट्रभाषा के प्रति जागरूक करने के लिए हिंदी दिवस मनाया जाता है। भारत में भले ही अंग्रेजी बोलना सम्मान की बात मानी जाती हो, पर विश्व के बहुसंख्यक देशों में अंग्रेजी का इतना महत्व नहीं है। हिंदी बोलने में हिचक का एकमात्र कारण पूर्व प्राथमिक शिक्षा के समय अंग्रेजी माध्यम का चयन किया जाना है। आज भी भारत में अधिकतर अभिभावक अपने बच्चों का दाखिला ऐसे स्कूलों में करवाना चाहते हैं, जो अंग्रेजी माध्यम से शिक्षा प्रदान करते हैं। जबकि मनोवैज्ञानिकों के अनुसार शिशु सर्वाधिक आसानी से अपनी मातृभाषा को ही ग्रहण कर पाता है और मातृभाषा में किसी भी बात को भली-भांति समझ सकता है। अंग्रेजी भारतीयों की मातृभाषा नहीं है। अतः भारत में बच्चों की शिक्षा का सर्वाधिक उपयुक्त माध्यम हिंदी ही है। सबसे बड़ी बात हिंदी भाषा जैसे लिखी जाती है, वैसे बोली भी जाती है। दूसरी भाषाओं में कई अक्षर साइलेंट होते हैं और उनके उच्चारण भी लोग अलग-अलग करते हैं, लेकिन हिंदी के साथ ऐसा नहीं होता, इसीलिए हिंदी को बहुत सरल भाषा कहा जाता है। हिंदी कोई भी बहुत आसानी से सीख सकता है। हिंदी अति उदार, समझ में आने वाली सहिष्णु भाषा होने के साथ भारत की राष्ट्रीय चेतना की संवाहिका भी है। भारत की मौजूदा शिक्षा पद्धति में बालकों

EQUAL OPPORTUNITY CELL - ONE DAY WORKSHOP ON HUMAN TRAFFICKING

18.12.2021

One day workshop was organized by equal opportunity cell to create awareness amongst the students regarding human trafficking, since students are also one of the prime victims of human trafficking session was conducting to shed the lime light on.

The session began with welcome speech by the Head of the Equal Opportunity Cell Mrs. Meera Balaram Asst. professor, Commerce and Management. We formally welcomed the resource person Mrs. K. M. Rohini, Advocate in High Court Bangalore and Dr R Parvathi Principal and Academic Director and B. Rammya IQAC Co-ordinator. Since the workshop was in association with Inner wheel club, President of Inner wheel club Kalpana Brama Desham and Mrs Vani sharma member of Inner wheel club was also welcomed.

Resource person began the session by giving introduction on Human trafficking and how people will turn out to be victims of the same.

She highlighted factors influencing human trafficking like Poverty, Lack of employment opportunities, Religious/ Traditional Prostitution, Child Marriage, False promises for job/marriage, Migration, Sex tourism, Internet Pornography, Dreams of Better future.

Not only women and children but also men are subject to human trafficking. In India, a large number of people are trafficked not only for sex trade but also for other various kinds of servitude.

Human trafficking is very common in countries like Southeast Asia, eastern Europe, and sub-Saharan Africa—developing countries where recruiters seek migrants through various mediums such as the Internet, employment agencies, the media, and local contacts. Middlemen who recruit from within the origin country commonly are from the same race and cultural background of those migrating and act as agents. Human traffickers often create transnational demands for transporting migrants who are driven voluntarily by unfavourable living conditions to seek better life and future through the services of a smuggler. Migrants view the services of a smuggler as an opportunity to move from impoverished conditions in their home countries to more stable, developed environments. But it is very difficult for the victims to obtain legitimate travel documents because of their lack of knowledge, education exposure and financial constraints and they voluntarily become the pray for the smugglers and the smugglers supply migrants with fraudulent passports or visas and advise them to avoid detection by border-control agents. Although victims often leave their destination country voluntarily, the majority are unaware that they are being recruited for a trafficking scheme. Some may be kidnapped or coerced, but majority it is by voluntary by the victims who are bribed by false job opportunities, passports, or visas. Transporters involved in trafficking victims from the origin country are compensated only after they have taken migrants to the responsible party in the destination country. Immigration documents, whether legitimate or fraudulent, are seized by the traffickers when once they enter the destination country and after this, victims are often

subjected to physical and sexual abuse, and many are forced into labour or the sex trade in a very inhuman, un-hygienic conditions in order to pay off their migratory debts.

The cause of human trafficking stems from adverse circumstances in origin countries, including religious persecution, political dissension, lack of employment opportunities, poverty, wars, and natural disasters. Another causal factor is globalization, which has catapulted developing countries into the world's market, increasing the standard of living and contributing to the overall growth of the global economy. Unfortunately, globalization is a double-edged sword in that it has shaped the world's market for the transportation of illegal migrants, affording criminal organizations the ability to expand their networks and create transnational routes that facilitate the transporting of migrants. The most prevalent form of human trafficking that results in servitude is the recruitment and transport of people into the international sex industry. Sex slavery involves males and females, both adults and children, and constitutes a major percentage in all trafficking activities. It consists of different types of servitude, including forced prostitution, pornography, and sex-related occupations such as nude dancing and modelling. Forced prostitution is a very old form of enslavement, and recruitment into this lifestyle is often a booming business. Victims of sexual slavery are often manipulated into believing that they are being relocated to work in legitimate forms of employment. Those who enter the sex industry as prostitutes are exposed to inhumane and potentially fatal conditions, and infectious terminal disease and shunted by the Society. Additionally, some countries, including India, Nepal, and Ghana, and other developing and third world countries have a form of human trafficking known as ritual (religion-based) slavery, in which young girls are provided as sexual slaves to atone for the sins of family members. Young girls are also used as sex workers in Spa and Massage Parlours, the hidden form of Prostitution.

Forced labour has likely been around since shortly after the dawn of humankind, though there are a number of different forms of modern involuntary servitude that can go easily unnoticed by the general public. Debt bondage, is the enslavement of people for unpaid debts and is one of the most common forms of contemporary forced labour. Similarly, contract slavery uses false or deceptive contracts to justify or explain forced slavery.

Children are often sold or sent to areas with the promise of a better life but instead encounter various forms of exploitation. Domestic servitude places "extra children" (children from excessively large families) into domestic service, often for extended periods of time. Other trafficked children are often forced to work in small-scale cottage industries, manufacturing operations, and the entertainment and sex industry. They are frequently required to work for excessive periods of time, under extremely hazardous working conditions, and for little or no wages. They are also used for prostitution, theft, begging, or the drug trade.

At the end session was made interactive and students were given an opportunity to clear their doubts, amongst them one student came out with the question as on how students can be victims of human trafficking. The resource person in turn gave the answer by stating drug peddling would be the major source for being victim.

The session ended by vote of thanks by Mrs.Febina K S Asst professor BCA Department.

29.01.2022

Feminism is not about making women strong; women are already strong. Its about changing the way the world perceives that strength. With this belief, VET FGC, under COUNSELLING CELL, has organized a webinar, “**ILLUMINATING GIRLS- a torch on expression**”, virtually via M.S. Teams on 29.01.2022 at 10.30 am, to address **only girls**.

Dr. R. Parvathi, Principal, Academic Director was welcomed by Mrs. Mamatha Subraya, the Head of Counselling Cell. Dr. R. Parvathi, a woman with voice, by definition, a strong motivator, captain being the resource person, addressed the girls with a friendly note and made the platform comfortable for interaction. The task of illuminating girls on their behaviour, expression, goal setting, physical and mental stability were the sensitive areas to ponder upon. In a delicate way, she approached the topic one by one establishing confidence in them.

She threw light on the role played by a woman to manage her husband's family along with her mother's family. Women need to struggle to attain a work-life balance, besides doing their respective jobs, also have the role of taking care of her family and children. There is also the issue of inequality in terms of payment and corporate politics that women face in their jobs based not on their incompetence but solely based on their gender. Regardless of how difficult getting on top of the corporate ladder is, the female staff is striving to make their place known in modern society. She quoted some instances where women thrive to establish their identity in modern society.

The speaker, Dr. R. Parvathi, further narrated several incidences of women, who set their goals, dreamt big and found satisfaction in their lives. All girls were asked to set their goals, so that they could not divert themselves from the set track. Maturity to understand and assess the situations would always be backed up by experience. At the early stages of life if one sets the role model, listens to the advices of experienced people, would benefit her to visualise the future with clarity.

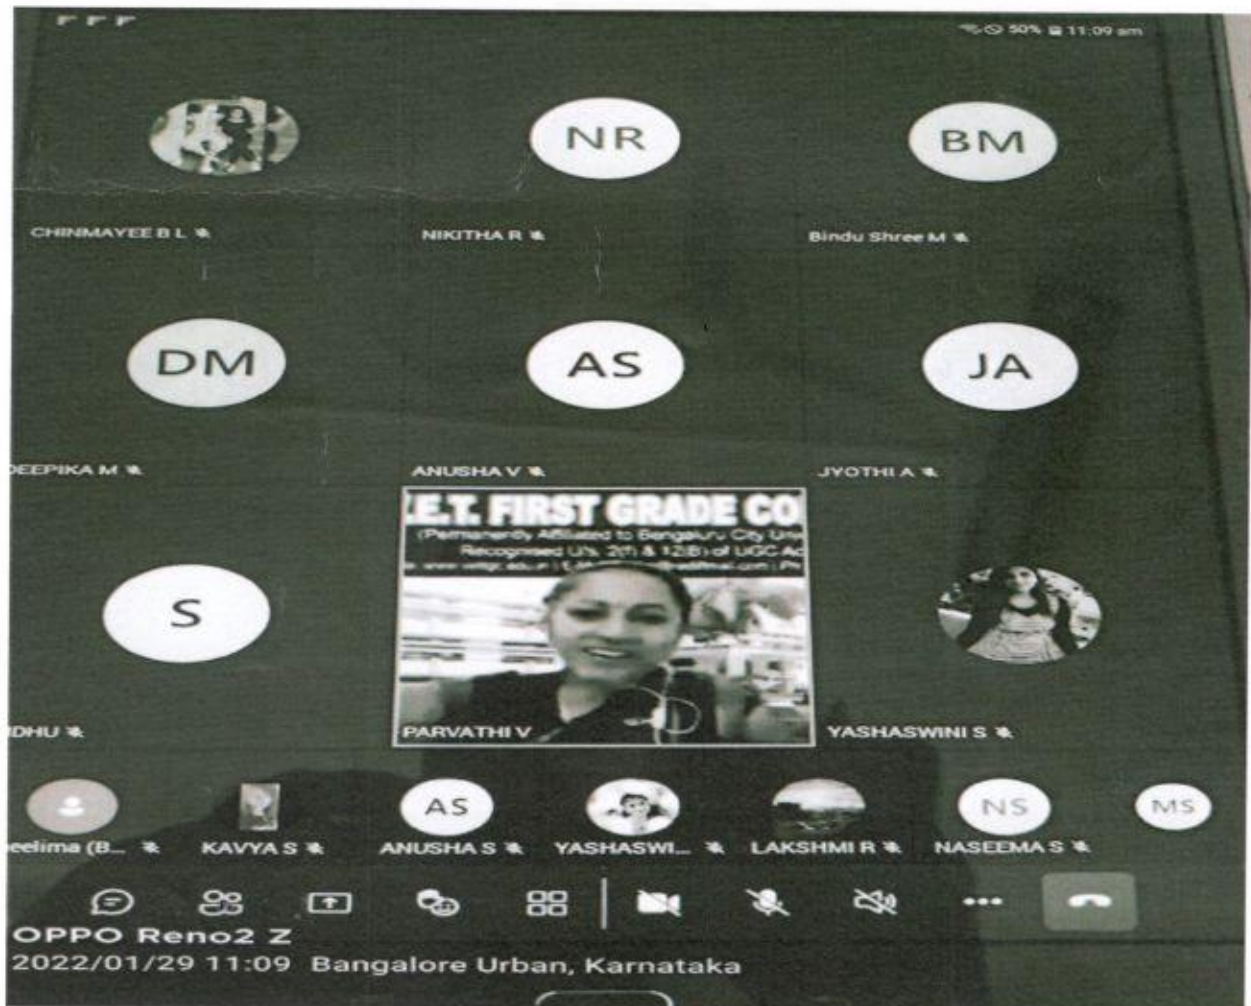

The participants, utilised the given liberty to interact closely. Few girls used this platform to discuss their specific personal issues which they could not discuss with their family, friends in public and clarified their doubts. They were grateful to the speaker as well as the Counselling Cell for the session.

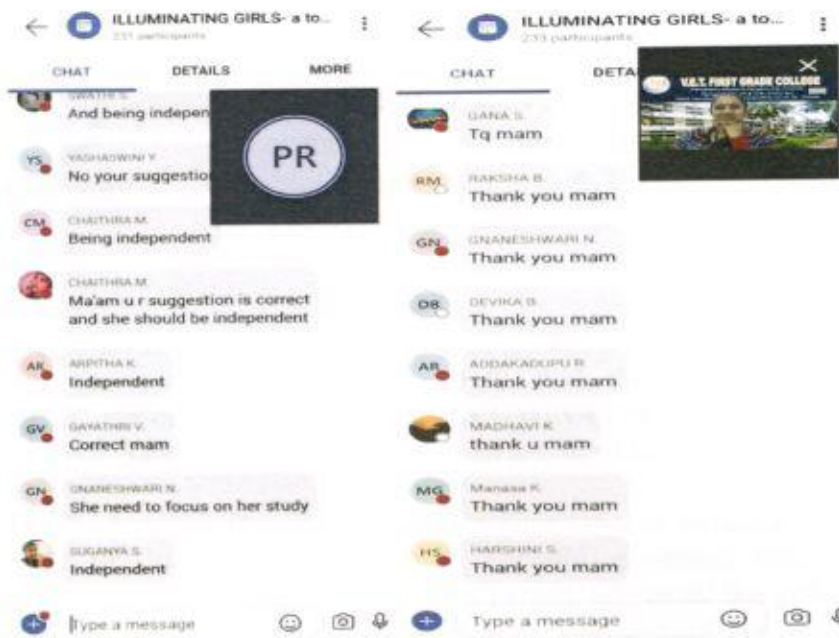

The session carried on with PPT Presentation by Kavya.S.K, III Sem BCA on “**STOP VIOLENCE AGAINST WOMEN**”. She threw light on harassment at workplace, difference between good touch and bad touch, acid attack on Laxmi Agarwal and so on.

Further, Chinni Likhitha, V Sem BCA, presented on “ **WOMAN IS GOD'S BEST CREATION, YET THE WORST SUFFERER** “. Her presentation covered the fundamental concepts like, the meaning of freedom, how to make women feel safe?, word for college girls, working in safe zone, how to save oneself from being victim and so on. Rather than fantasy world, she introduced the real world to the girls.

Deepika and Chandana from V Sem BCOM, presented on “ **FAMILY INVOLVEMENT** “. They focused on education for girls, graphical representation of education for girl child, capability of girl child to do any work, new phase of life- marriage, woman- a super power and so on.

These mesmerising presentations of students were much appealing and reachable. Due to time constrain, the session ended at 12.30. The enthusiastic participants were assured with one more discussion platform like the same. Mrs. Mamatha Subraya proposed vote of thanks.

“WHAT IT MEANS TO BE A MALE? NEUROSCIENCE OF MASCULINITY – 29.01.2022”

Report for Academic year 2021-2022

01.02.2022

Neuroscience is the study of the nervous system from a scientific standpoint to study the basic and emergent features of neurons, glia, and neural circuits, it is a multidisciplinary discipline that incorporates physiology, anatomy, molecular biology, developmental biology, cytology, computer science, and mathematical modelling.

Masculinity is defined as a man's societal expectations: In a particular civilization, the term 'masculinity' refers to the roles, behaviours, and characteristics that are deemed suitable for boys and men. Masculinity is socially, historically, and politically produced rather than biologically determined.

Being honest with oneself about one's own feelings, wants, and desires is a sign of healthy masculinity. It also entails treating everyone with the respect and kindness that you deserve. It is not healthy masculinity to use your size, strength, or power

to acquire what you want from others. A man who is authentically manly accepts responsibility and values his family and loved ones by loving, honouring, protecting, and providing for them. He leads a life of integrity, driven by conviction rather than comfort or convenience. True masculinity is measured by the strength of a man's character rather than his physical power.

I Q A Cell, V E T First Grade College organized on 29.01.2022 ONE DAY WORKSHOP in association with Inner wheel club of Bangalore, J.P. Nagar with title "*What it means to be a Male? Neuroscience of Masculinity*" at 10.30 am. The One Day Workshop began with welcome speech by Ms. Rammya. B, Coordinator IQAC, and Dr. B. N. Sathya Bhama, Placement Officer, VET First Grade College who introduced the **Dr. Mayur Vijaykumar Kaku**, resource speaker of the day followed by Dr. R. Parvathi, Academic Director & Principal's speech.

Dr. Mayur Vijaykumar Kaku, is a renowned neurosurgeon who also practises yoga, usually called 'Yogic Neurosurgeon'. He is a complex brain and spine surgeon at Bangalore's HCG Hospital. He has a Neurosurgery certification from Bangalore's National Institute of Mental Health and Neurosciences (NIMHANS). For academic prowess, he was awarded the coveted Gold Medal by the Government of India. He is a member of the Neurological Society of India (NSI) and the American Association of Neurological Surgeons (AANS), and has received training in stereotactic radiosurgery for the brain and spine from the World Federation of Neurosurgical Societies (WFNS). He has been practising yoga for the past 20 years and has cured numerous patients using *only yoga and neuroscience principles without surgical intervention*.

Dr. Mayur Kaku began the discussion by defining the terms Male and asked all the students the meaning of Masculinity. Students answered the common

attributes through chat box. He then explained basic attributes required by a male to live normal life.

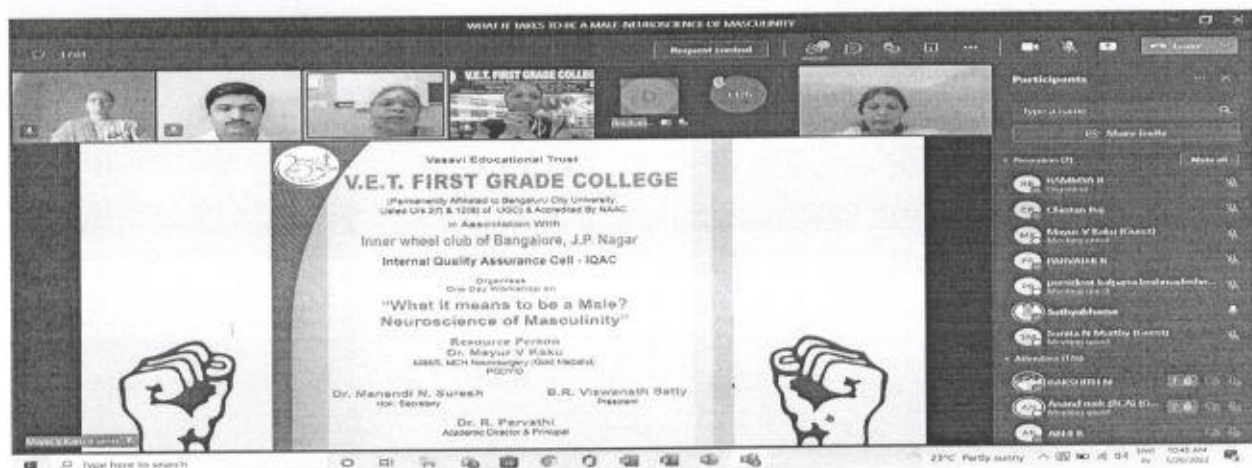

He taught the fundamental aspects of masculine and feminine attributes to the boys and men who are typically bullied or embarrassed. Few to mention attributes of masculine are differentiating, think individual, external focused, part focused, results oriented, competitive, hierarchical structure, action, doing, focus on intent, logic, independent, urgent, analysis, think through head, speaking, directing, assertive, project, conscious, structured, linear, follow cause and effect, linear analysis, bottom line oriented and others are commonly seen.

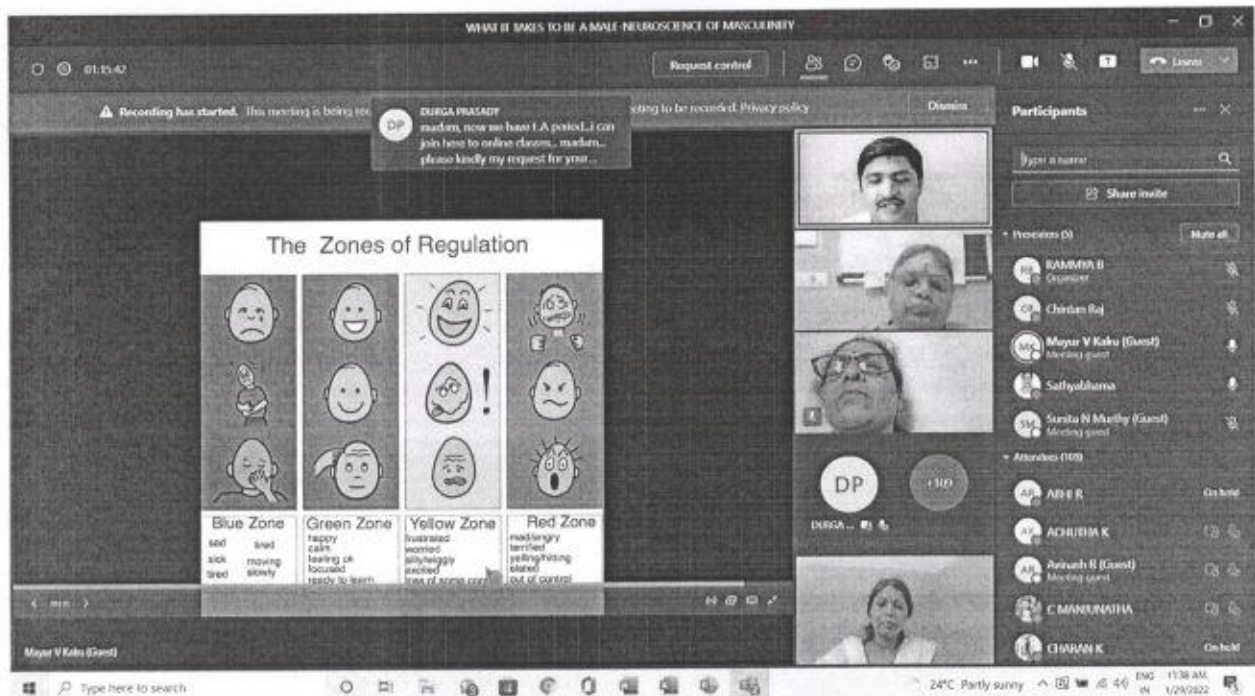

He asked the students to identify a picture of film actor from Hollywood with women, where he was actually looked very intimately standing with women but he kept his distance. He also gave a few instances of excellent masculinity from the Ramayana where we had Rama indicating good deeded one and Ravana indicating wrong deeded one, by asking students to identify the situation in the picture where Ravana kidnapping Sita in the flying chariot, when Jatayu try to stop the kidnaping to the present-day Keanu Reeves, who is always respect women in his actions.

He talked on how men need to have integrity, dignity, and the ability to have true intimacy, as well as dos and don'ts to follow in their everyday lives, and how they might use emotional literacy to discover the zones of regulation. Few to mention are staying in present moment, avoid converting shame to aggression, allow emotional shaking or analysis, develop real power and real responsibility, identify *negative* emotions like anger, jealousy, shame, fear, promote compassion, tenderness and deal with emotions and sex is for progeny, not for fun as biggest man-made disaster is pornography.

He explained *emotional literacy* in identifying the *ZONES of REGULATION*, such as *BLUE ZONE* indicating sad, tired, sick, moving slowly, *GREEN ZONE* indicates happy, calm, feeling OK, focused, ready to learn, *YELLOW ZONE* indicates frustrated, worried, silly or wiggly, excited, loss of some control and *RED ZONE* indicated that mad or angry, terrified yelling or hitting elated, out of control were the common zones where the individual (either male or female) is in the daily life.

Dr. B. N. Sathya Bhama, Placement Officer, Associate Professor, Department of Commerce & Management, VET First Grade College, concluded one day workshop with Vote of Thanks.

REPORT ON PARIKSHA PE CHARCHA

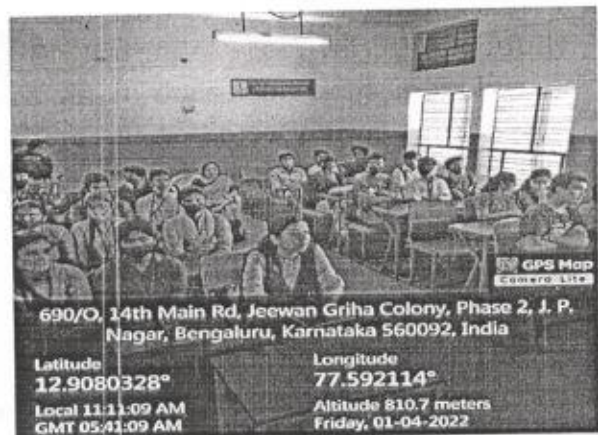

Fifth edition of Pariksha Pe Charcha was conducted on 1st April, 2022 which was started in 2018 where in students, Parents; Teachers throughout the country were invited for this utsav. "Pariksha Pe Charcha" an interactive session was conducted by Hon. Prime Minister Sri Narendra Modi.

Prime Minister Sri Narendra Modi in his motivational speech motivated students in a very effective way. How to beat exam stress and motivated students to identify their strengths? To follow their dreams? How to overcome fear of exams? How to effectively participate in extracurricular activities? How to focus in online classes? etc were some of the questions answered by Sri Narendra Modi very thoughtfully. He also stressed not to take any pressure as it does not help in achieving anything, do not take any shortcuts as there is no injection or formula for motivation or quality.

We all have inherent force which has to be ignited and followed to make best out of it.

The mantras explained, the experience shared were interesting facts to the students which can be acknowledged throughout their life.

REPORT ON
PSYCHOLOGY OF STUDENTS TOWARDS ACADEMIC SATISFACTION AND PROGRESSION

VET FGC has organized a session 'Psychology of Students towards Academic Satisfaction and Progression', under IQAC, Counseling and Grievance Cell on 28.01.2022 at 10.30 on virtual platform Microsoft Teams for UG students.

The session was to seek help, uncover the academic issues and unleash the potential of students by strengthening the mindset of decision making in students. Dr. R Parvathi, Principal and Academic Director, VET FGC welcomed the Resource Person Dr. V Vani Shridhar Certified Counselor. She expressed her gratitude towards the President of VET Institutions Sri B R Viswanath setty and the secretary of VET Institutions Dr. Manandi N Suresh for their consistent support for any developmental activities organised for the students.

The event further moderated by Mr. Chintan raj M Vernekar, Assistant Professor, Department of commerce.

Mr. chintan raj Introduced the Resource person of the event Dr. V Vani shridhar.

Dr. V Vani shridhar has Phd in psychology of adolescent students, M.sc (Zoology), MA in English and B.ed. She has 17 years of working experience in education field 14 years worked as principal for ICSE and state board schools and PU colleges in reputed institutions.

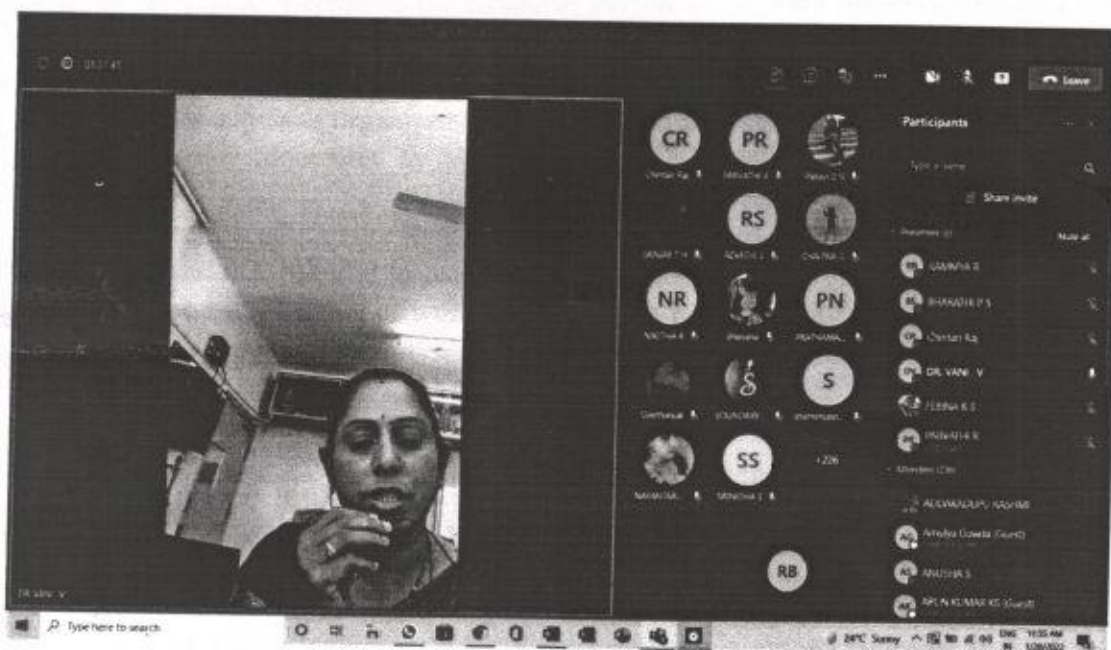

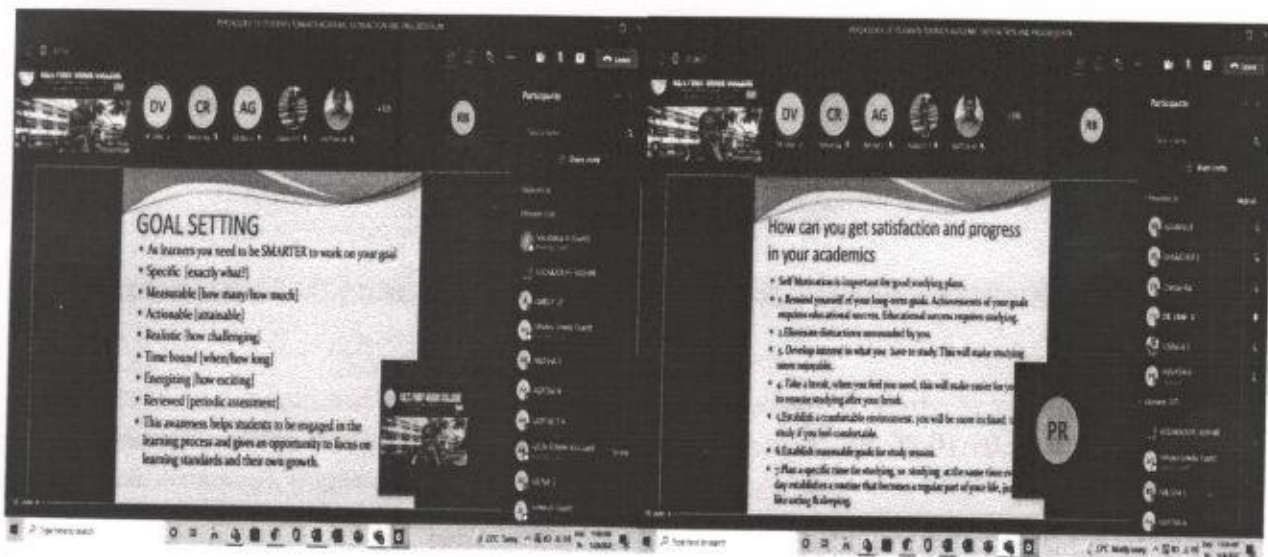

With PPT the resource person started presentation motivating students by telling BELIEVE IN YOU she gave many examples currently which is happening and students anger, frustration and loss of confident due to small things and many suggestions to overcome the fear of losing and not believing in self-potential. Self-ability and its reactions in life and also the reasons like inferiority complex, self-demotivation, fixed mind set destructive thinking, lack of focus and fear etc.

She continued with goal setting - Setting goals helps trigger new behaviors, helps guides your focus and helps you sustain that momentum in life. Goals also help align your focus and promote a sense of self-mastery. In the end, you can't manage what you don't measure and you can't improve upon something that you don't properly manage. Goals help students to focus upon the journey to a collection of set achievements, meaning they allocate their resources and time more efficiently and can access motivation during times when they may feel like giving up.

From an academic perspective, goals improve performance by ensuring Cadets remain accountable for their own failures and successes, propelling themselves forward through a selection of small achievements designed to break down a larger purpose. What's more, setting and achieving goals translates to feelings of success and confidence for students, which in turn leads to greater confidence and productivity.

Session ended by vote of thanks by Mr. Chintan Raj M Vernekar department of commerce.

The program started by 3.00 P.M with invocation song by students, followed with welcome note by Bharathi K R, II Sem BBA followed with the inaugural address by Principal and Academic Director Dr. R. Parvathi, VET first grade college, the celebration began with an interesting speech by Chief Guest Dr. R. Parvathi, Principal and Academic Director, Director R Parvathi spoke about the history, significance and value of celebrating Teacher's Day.

She also stated that every year on September 5, the country celebrates National Teachers' Day to celebrate the teachers in our lives and express our gratitude for their guidance and influence. This day celebrates all the gurus who played a significant role in shaping who we are as people and taught us everything about this world. When Dr. S. Radhakrishnan, took the office of the second President of India in 1962, his students approached him to seek permission to celebrate September 5 as a special day. Dr Radhakrishnan instead made a request of them to observe September 5 as Teachers' Day, to recognize the contribution of teachers to the society.

Ever since then, September 5 is celebrated as Teacher's Day across schools, colleges, universities and educational institutions.

She also memorized that Dr Radhakrishnan had said, "Instead of celebrating my birthday, it would be my proud privilege if September 5 is observed as Teachers' Day." The day has been observed as Teachers' Day in India since 1962. She inspired the students with her motivational words.

The program continued with the sharing of experience by students and faculties and put on performances, dances and host elaborate shows for their most-loved teachers by Students.

The program ended with deliver of vote of thanks by Anusha A N, II Sem BBA with sweet and snacks distribution.

DATE – 08-03-2022

NO OF PARTICIPANTS -35

FEMALE TEACHING, NON-TEACHING AND OFFICE STAFF

International Women's Day is a global day celebrating the social, economic, cultural and political achievements of women. The day also marks a call to action for accelerating gender parity. Significant activity is witnessed worldwide as groups come together to celebrate women's achievements or rally for women's equality.

Marked annually on **March 8th**, International Women's Day (IWD) is one of the most important days of the year to:

- Celebrate women's achievements
- Raise awareness about women's equality
- Lobby for accelerated gender parity
- Fund-raise for female-focused charities.

Women are strong, powerful and invincible. With thousands of mantras encouraging women's existence every day, a special day is indeed a necessity to celebrate women's achievements in all aspects of life. Whether she's a teacher, homemaker, economist, engineer or pioneer, women have been making the world a better place with their infinite strength, determination and belief. With power enough to shatter the shackles of patriarchy, women are rising above societal hurdles every single day, making them a stronger force to reckon with, in modern times. This International Women's Day, is celebrating and rejoicing the social, economic, cultural and political achievements of women all over the world. The day also marks a call to action for accelerating gender parity.

In 1996, the UN announced “Celebrating the past, planning for the future” as the theme for Women's Day. Since then every year a theme is given to mark the celebrations and gender rights advocacy work. For 2022, the UN given theme is “Gender equality today for a sustainable tomorrow”, which aims to recognise women who are working to build a more sustainable future.

VET FGC staff and office assistants celebrated the women's day in formal as well as informal way. Formally the significance, theme, objective of celebrating International Women's Day was given out and Dr. R Parvathi also spoke about the significance of the day.
