ALUMNI TALK

Hello Dear Vetians,

It gives me immense pleasure to share my professional journey with you. I am currently working as Assistant Professor at JD School of Fashion, Bangalore. A few years ago in 2016, I stepped into VET First Grade College to earn a degree of Bachelor of Science (Fashion & Apparel Design) to enrich my education. After the completion of my degree I pursued my masters and recently started my career as a faculty in JD School of Fashion.

As a student of VET First Grade College it was a golden period of learning and enjoyment. Regular appreciations from my HOD and faculties motivated me to make learning my passion, which has made me what I am today

KAVYA P, Assistant Professor, Department of Fashion, JD School of Design, Bangalore.

College is one of the memorable parts of a student's life. We have to make so many decisions which will impact on the career and future of one's life. I being an introvert and no knowledge about the course started gaining interest in the teaching learning process due to my professors who were very supportive.

My professional career started only with the push and motivation of my teachers. I still remember the day when my HOD, Bharathi Mam convinced me to join RSJ Inspection Ltd as an intern. Now I am proud to say that I am Executive Business Development in RSJ Inspection Ltd.

I find them all as part of my memories which I cherish always. Thank You VET for those best 3 years of my life.

BHAVANI M, Executive Business Development, RSJ Inspection Pvt Ltd
